

*Sheet*

**“The Law of the Web – Instagram”**

This sheet is a support to identify Instagram regulations paragraphs to respond to questions made. Please remember that these rules are changed quite frequently. These texts refer to the “Terms of Use” and “Privacy policy” of Instagram in force in January 2017. The answers to some questions can be found visiting Instagram Help Center (<https://help.instagram.com>)

QUESTION	INSTAGRAM INDICATIONS
What is the minimum age to have an account?	You must be 13 years or older to use this site. (“Terms of use”)
What is the purpose and / or objective of the APP?	Instagram is a mobile app that you can download on iOS and Android phones and tablets as well as Windows Phone 8 and later. Keep in mind that you can only share photos and videos from the mobile app. (Instagram Help Center)
Can I choose who see the content I post?	By using our Service you understand and agree that we are providing a platform for you to post content, including photos, comments and other materials (“User Content”), to the Service and to share User Content publicly. This means that other Users may search for, see, use, or share any of your User Content that you make publicly available through the Service, consistent with the terms and conditions of this Privacy Policy and our Terms of Use (which can be found at <a href="http://instagram.com/legal/terms">http://instagram.com/legal/terms</a> ).
What personal information do we provide when we subscribe?  How is this information used?	The answer to this questions is in the Privacy Policy, in particular in the section “Information you provide us directly”.  Alternatively, go to the Instagram Help center ( <a href="https://help.instagram.com">https://help.instagram.com</a> )
What privacy settings are allowed?	By default, anyone can view your profile and posts on Instagram. You can make your posts private so that only followers you approve can see them. If your posts are set to private, only your approved followers will see them in the Photos tab of Search & Explore or on hashtag or location pages. Posts can't be set to private from a desktop computer. For more information please go to the Instagram Help Center.
What contents are allowed?	Consult the “Community Guidelines” of Instagram Help Center
